

## Financial Services and Credit Guide

This Financial Services and Credit Guide (FSCG) contains information that will help you decide whether to use the financial services we offer. It sets out:

- who we are and how we can be contacted
- the advice and services we provide
- information about our licensee Charter Financial Planning Limited (Charter)
- our fees and how we, your adviser and Charter, are paid in connection with those services
- how we manage your private information
- how you can complain about a matter relating to us or Charter

### Documents you may receive

We will provide you with a number of documents as you progress through our financial planning process to capture each stage of your advice journey. We may provide these documents to you electronically to your nominated email address, unless otherwise agreed.

When we provide personal advice it will normally be documented and provided to you in a Statement of Advice (SOA), known as a financial plan. The financial plan contains a summary of your goals and the strategies and any financial products we may recommend to achieve your goals. It also provides you with detailed information about product costs and the fees and other benefits we and others will receive, as a result of the advice we have provided.

If we provide further personal advice a financial plan may not be required. We will keep a record of any further personal advice we provide you for seven years. You may request a copy of such records by contacting our office during that period.

If we recommend or arrange a financial product for you we will provide a product disclosure statement (PDS) or investor directed portfolio service (IDPS) guide where relevant. These documents contain the key features of the recommended product, such as its benefits and risks as well as the costs you will pay the product provider to professionally manage that product.

You should read any warnings contained in your advice document, the PDS or IDPS guide carefully before making any decision relating to a financial strategy or product.

### Not Independent

Generally, we provide personal advice in line with our Approved Product and Services List (APSL) which may include financial products and services associated with the licensee. We may receive commissions from life insurance products we recommend and non-monetary benefits such as training and educational seminars from product providers. For these reasons, we are not considered independent, impartial, or unbiased.

## Providing information to us

It is important that we understand your circumstances and goals, so that we can provide you with appropriate advice and services. You have the right not to provide us with any personal information. Should you choose to withhold information, or if information you provide is incomplete or inaccurate the advice or services we provide you may not be appropriate for you.

It is also important that you keep us up to date by informing us of any changes to your circumstances so we are able to determine if our advice continues to be appropriate.

## Our fees

The actual fee charged to you will depend on the nature of the advice or service we provide. We will discuss and agree the actual fees with you before we proceed. The following section outlines the types of fees that may apply. The fees charged for our advice and services may be based on a combination of:

- A set dollar amount; or
- A percentage based fee.

Our agreed advice and service fees may include charges for:

- Initial advice; and
- Ongoing or Annual advice and services.

Please note that for services in relation to insurance and some credit products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your loan balance or insurance premiums; and
- Ongoing commission - a percentage of the value of your outstanding loan amount or premiums, usually calculated at the end of each month in which you hold the loan, or on renewal of insurance products.

### Payment methods

We offer you the following payment options for payment of our advice fees:

- BPAY, direct debit (savings), credit card or cheque; and
- Deduction from your investment. (Subject to the advice and service provided).

All permissible fees and commissions will be paid directly to Charter as the licensee. It will then pass on the amounts due to us through its payment system. Charter charges our practice a Licensee Fee each year. The Licensee Fee is determined as an annual amount, based on a number of factors, including our business revenue and the number of advisers and/or accredited mortgage consultants in the practice and a practice fee.

For more information on our services, please see our **Schedule of fees** attached or available on request.

### Other costs

Where other costs are incurred in the process of providing our advice and services to you, you will be liable for these costs. However, we will agree all additional costs with you prior to incurring them.

### Other benefits we may receive

The following are monetary and non-monetary benefits we may receive other than those explained above. These are not additional costs to you.

In addition to the payments we may receive for our advice and services, we may receive other support services or recognition from the licensee to help us grow our business. This could include training, badging rights, technology, financing, events or other recognition we are eligible for. We may receive benefits from products that may include non-monetary benefits that are valued at less than \$300. We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

### **Buyout option**

Where we request Charter to buy-back our business prior to 31 December 2021 and this is approved by Charter, then if we leave the financial services industry, we are eligible to sell the register rights of our client base to Charter. The valuation of these rights is based on a multiple of the annual financial planning revenue generated by our practice.

### **Personal and professional development**

Charter provides personal and professional development opportunities in the form of education and professional development programs, offered annually to qualifying practices.

### **Business support**

We may receive financial and non-financial assistance from the licensee including financing, technology support and marketing or other once-off transitional support costs, to help us grow our business or implement appropriate succession planning options.

Provided we met specific qualification criteria Charter will support our practice with up to \$3,750 per authorised representative that was with us in December 2017. This support is to assist us in meeting the training and education requirements for financial advisers as required by Financial Adviser Standards and Ethics Authority. Any support provided by Charter is paid directly to the education provider and not to us.

### **Placement fees**

From time to time Charter will receive fees from brokers or product issuers (including AMP group companies) for arranging client participation in Initial Public Offerings (IPOs) of financial products. The fee, which is generally a percentage of the fee paid to the broker, varies from offer to offer and by the level of participation by Charter. We may share in this fee based on the level of participation by our clients.

## **Relationships and associations**

It is important that you are aware of the relationships that Charter has with providers of financial services and products as they could be seen to influence the advice you receive.

# Schedule of fees

These prices should be used as a guide only. We will discuss your individual needs and agree our fees with you. The actual agreed fees will depend on factors such as the complexity of your circumstances and goals and the scope of the advice.

## Initial service fees

At Vision Financial Strategies we understand that everyone comes with their own unique financial circumstances and solutions. We charge for our **time, experience and expertise**.

We have a number of different strategy and service package options covering advice needs from 'simple' strategy solutions to more 'complex' strategy solutions.

We achieve this through our 5 Step Financial Planning Process (for a more detailed summary ask for a copy of our Strategy, Implementation and Service Agreement brochure).

### Step 1. Initial Consultation

We spend considerable time with you, 'fact finding' your personal information to understand your current financial position. The type of strategy you require will vary depending on your particular needs, goals, and objectives.

We determine your current financial position.

Help you consider and prioritise your goals and objectives.

Explain and agree on fees, costs and the scope of advice or services to be provided.

Agree to proceed with a financial review.

### Step 2. Information Gathering, Strategy and Plan Preparation (The Advice)

The type of strategy that is required will vary depending the particular needs, goals and objectives, and how comprehensive the advice planning requirements are to achieve an individual's financial goals.

We identify the issues impeding the achievement of your goals and objectives.

We consider and develop a number of alternative strategies, make a recommendation as to the most appropriate solution to achieve your goals and objectives

### Step 3. Strategy Presentation

We present to you our strategy recommendations, provide a written copy of your personal financial plan (Statement of Advice) which details what we have recommended, all costs and fees and how our recommendations will help you achieve your financial goals and objectives.

### Step 4. Strategy Implementation (the Set-Up)

Implementing any recommended strategy takes time, paper-work, and follow-up which can be difficult and complex. We endeavour to make this worry free with minimal impact on you. We prepare and lodge all necessary paperwork, and monitor all aspects of the strategy implementation through to completion. Our dedicated Client Services Support team are here to assist you and will keep you up to date each step of the process and can be contacted any time to answer any questions you may have.

These are fees paid when you have agreed to receive our advice:

Initial service	Fee amount
Strategy Preparation - cost will depend on the complexity of the strategy preparation required. (includes minimum plan preparation fee of \$500)	Between \$500 and \$5,500 for research and plan preparation
Implementation – cost will depend on the complexity of the implementation services required.	Between \$500 to \$5,500 for implementation services provided.

## Ongoing service fees

### Step 5. Ongoing Service and Reviews (The Maintenance)

Life's circumstances do not always run in a straight line, lifestyle and financial goals can change. We provide a review service to ensure that your goals and objectives are still valid, that the performance of previous recommendations are still meeting expectations.

- Offering you the opportunity to review your strategy, position, insurance protection, goals and objectives each year (an additional cost may be incurred).
- Providing you access to your financial planner via phone and email throughout the year to answer your questions.
- Keeping product providers up to date with your details.
- Updating you with any changes that may affect your strategy or situation.
- Review any changes to governing legislation, which may impact on your financial circumstances now and in the future.
- Keeping in touch with our quarterly newsletter and invitations to seminars.
- Educating and coaching you through uncertain times

We provide ongoing services to help you stay on track to meet your goals. The cost of these services are as follows:

Service	Fee amount
Fixed Service Fee OR	\$330 per hour
Services provided via an agreed Ongoing Service Agreement	From \$880 to \$5,500 per annum

## Annual advice and service fees

We also offer services for the below costs for a fixed period of 12 months. The cost of those services are as follows:

Service	Fee amount
AAA	From \$880 to \$20,000 for a 12 month period

The amount of fees will depend on the service offering and these will be provided in a separate advice or services agreement.

## Commissions

We may receive commissions when implementing certain products for you, in line with the below. Any commission amounts will be disclosed to you when providing our advice. The following table is a guide of commissions we may receive.

Product type	Initial commission	Ongoing commission	Example
Insurance (including those held within superannuation)	Up to 66% of the first year's premium for new policies implemented from 1 January 2020. We may receive commissions on increases or additions to existing policies of up to 60%.	Up to 30% of the insurance premium each following year.	On insurance policies implemented from 1 January 2020, if your insurance premium was \$1,000, we would receive an initial commission of up to \$660. We would receive an ongoing commission of up to \$300.00 pa.

All fees and charges include GST.

If an agreed advice fee is charged then we may rebate all or some of the commission.
